GLOBAL PRECISION PARTS

Accuracy is the Measure of Our Success
Global Capability • Local Quality

Serving the following industries

- Plumbing Industry
- Light Truck/Automotive Industry
- Heavy Truck Industry
- HVAC Industry
- Tube Fabrication Industry
- Hydraulic Fitting Industry
- Munitions Industry

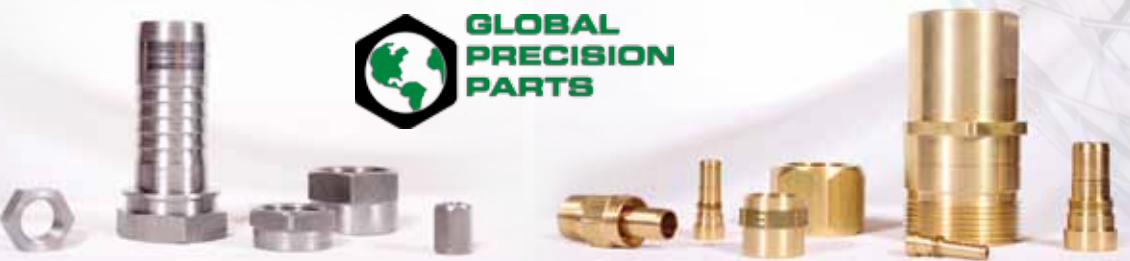

Materials

- Aluminum
- Brass
- Stainless Steel
- Leaded and Non-Leaded Bar Stock

ISO 9001:2008 Registered
Female and Veteran Owned

Accuracy is the Measure of Our Success
Global Capability • Local Quality

**OUR MISSION IS TO EXCEED
THE EXPECTATIONS OF OUR
COMMITMENT...PRODUCING THE
HIGHEST QUALITY PRODUCTS,
ON TIME DELIVERIES, AND
SUPERIOR CUSTOMER SERVICE.**

OUR VALUES

INTEGRITY

We act and perform in a moral and ethical manner.
We are fair and honest, not compromising the truth.
We are reliable in delivering on our commitments.

RELATIONSHIPS

We respect all team members and value their contributions.
We continue to make our customers our number one priority.
We build a positive team and family oriented atmosphere.
We build open and honest relationships with communication.

EXCELLENCE

We challenge ourselves to exceed expectations.
We take responsibility and never compromise on our quality.
We are efficient – doing more with fewer resources.
We bring passion and determination to everything we do.

We are the strategic global market leader in precision machined parts excelling in delivery and availability.

We are a company recognized for exceeding the expectations of its customers, employees, and community.

Accuracy is the Measure of Our Success
Global Capability • Local Quality

- ISO 9001:2008 registered
- Family owned company
- Woman and Veteran owned
- Three manufacturing facilities
- Combined manufacturing space of 155,000 square feet
- Over 200 production machines including:
 - Davenports
 - Acme Gridley's
 - CNC machines (4 with bar feeders)
 - New Britains
 - Hydromats
- Oasis Inspection Machines and Mectron Sort Machines
- Asian Joint Ventures
- Fully equipped in-house tool room including EDM
- Complete Secondary department with drilling, milling, tapping, broaching, staking and crimping

Ottoville and East Liberty Facilities

- Blueprint items

Wabash Facility

- Standard cap nuts (1/8" - 1")
- Tube nuts (1/8" - 1 1/2"), tube sleeves (1/8" - 1 1/2")
- Flare nuts both long and short (1/4" - 1")
- Thread locknuts (3/16" - 1 1/4")
- O-ring face seal shoulder and nuts (1/4" - 1 1/2")
- Customized parts to the customer's print

- Lean Programs in all three facilities to improve efficiencies and reduce operating costs.
- Altegra Quality System for production equipment.
- Single and multi-spindle bar machines with CNC controls for prototyping and manufacturing complex parts.
- VALUE ADDED Programs available
 - Centralized warehousing
 - Vendor managed inventory
 - Outside services: plating, grinding and brazing
 - Assembly and packaging parts in customer boxes

NEW Equipment

Eurotech Multi Tasking Turning Center

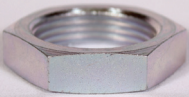

- Twin Turret, Twin Spindle
- Live Tooling w/ DUAL “Y” Axis
- 3” Bar Capacity
 - State of the Art Fanuc 31i Control
 - LNS Bar Loader
 - Parts Handling for Unattended Operation

We provide our customers with the finest precision manufactured parts available today and ...we guarantee it!
